WHO WE ARE:

- Usher Inc. has over 40 years of combined experience in the healthcare and medical device industries, delivering small and large purchases of medical consumables, surgical devices, medical office supplies, uniforms, and other medical equipment across the United States and Puerto Rico.
- We are a reliable medical wholesale supplier to industrial, government, military, healthcare, and commercial business. We offer patient-centered solutions with world-class distribution, all from dependable partners.
- Our medical product experts are laser-focused on redefining supply chain expectations for health systems. We customize our scope of services to develop a unique roadmap that helps build a resilient, high-performing supply chain.
- We have a concierge service that helps guide and educate our buyers in finding and purchasing the right medical supplies and equipment to improve clinical efficiency and patient outcomes.
- We actively seek out partnerships with leading medical manufacturers while working to extend our product lines constantly. We support our hand-picked North American manufacturers to limit delivery delays to a minimum.
- Our exceptional selection of medical supplies, along with our outstanding within-a-week delivery service, has an order accuracy that fits your budget.
